

My favourite slang

by Olya O'Connor

1. Cool beans

It's another way of saying "cool" but this one is even cooler, haha.

Example:

A: Mike has finally invited me on a date!

B: Cool beans!

2. Totes amaze

Short for totally "totally amazing". Young people loooooove saying it!

Example:

A: I got the highest grade possible for my exam!

B: Wow, that's totes amaze!

3. Sick

Again, another way of saying "cool". American people especially love this word!

Example:

Kate's new car is sick! It's a brand new Lexus!

4. Bae

This is actually short for "before anyone else", but young people these days use it instead of saying "baby" or "babe". It's usually used to refer to your boyfriend or girlfriend.

Example:

I love my bae so much!

5. Ripped

We use this word to describe a guy who has great muscles/great body.

Example:

A: You're so ripped! What's your secret?

B: Easy – I go to the gym every day!
